【村田真哉】Shinya Murata

カブトムシが英雄であるなら、サソリは悪漢。
麗容と奸計に彩られた、
不敗の暗殺者というイメージが、
神話の時代から根強く存在すると思います。
本巻から始まる「蠍」と「蜘蛛」との対決は、
進行上不可避な因縁の対決であると共に、
このイメージとの対決でもあるのです。

お手に取って頂きありがとうございます。
本巻に収録されているお話を描いている最中は
引越しをしたり仕事場を設けたりしました。
新しい環境で気持ちも新たに
作画に取り組みたいと思います。

I should talk about why I haven't been in the best mood lately.

Most of you don't know yet, but I'm forced to stay home everyday in order to take care of my severely ill mother. She's been ill for over 15 years, which is basically most of my life.

Recently, her medical expenses have been piling up and our household income (primarily rental income) isn't enough (after food and utility costs) to cover them.

Now that I've caught your attention...

I should talk about why I haven't been in the best mood lately.

Most of you don't know yet, but I'm forced to stay home everyday in order to take care of my severely ill mother. She's been ill for over 15 years, which is basically most of my life.

Recently, her medical expenses have been piling up and our household income (primarily rental income) isn't enough (after food and utility costs) to cover them.

I hate talking about this, but as much as I have an undying passion for translating, I can't exactly thrive on thin air...

That's why, if you can help a poor soul, I'd be sincerely thankful if you could donate to support my livelihood. Any amount helps. I have no need for the money myself, so all of the proceeds will go straight towards my mother's medical expenses.

To donate, please visit our website at KireiCake.com.

Thank you for taking the time to read this, and enjoy your release.

If you have free time, I would love to have people to chat with. You can find me in #cake @ IRC.IRCHighway.net.

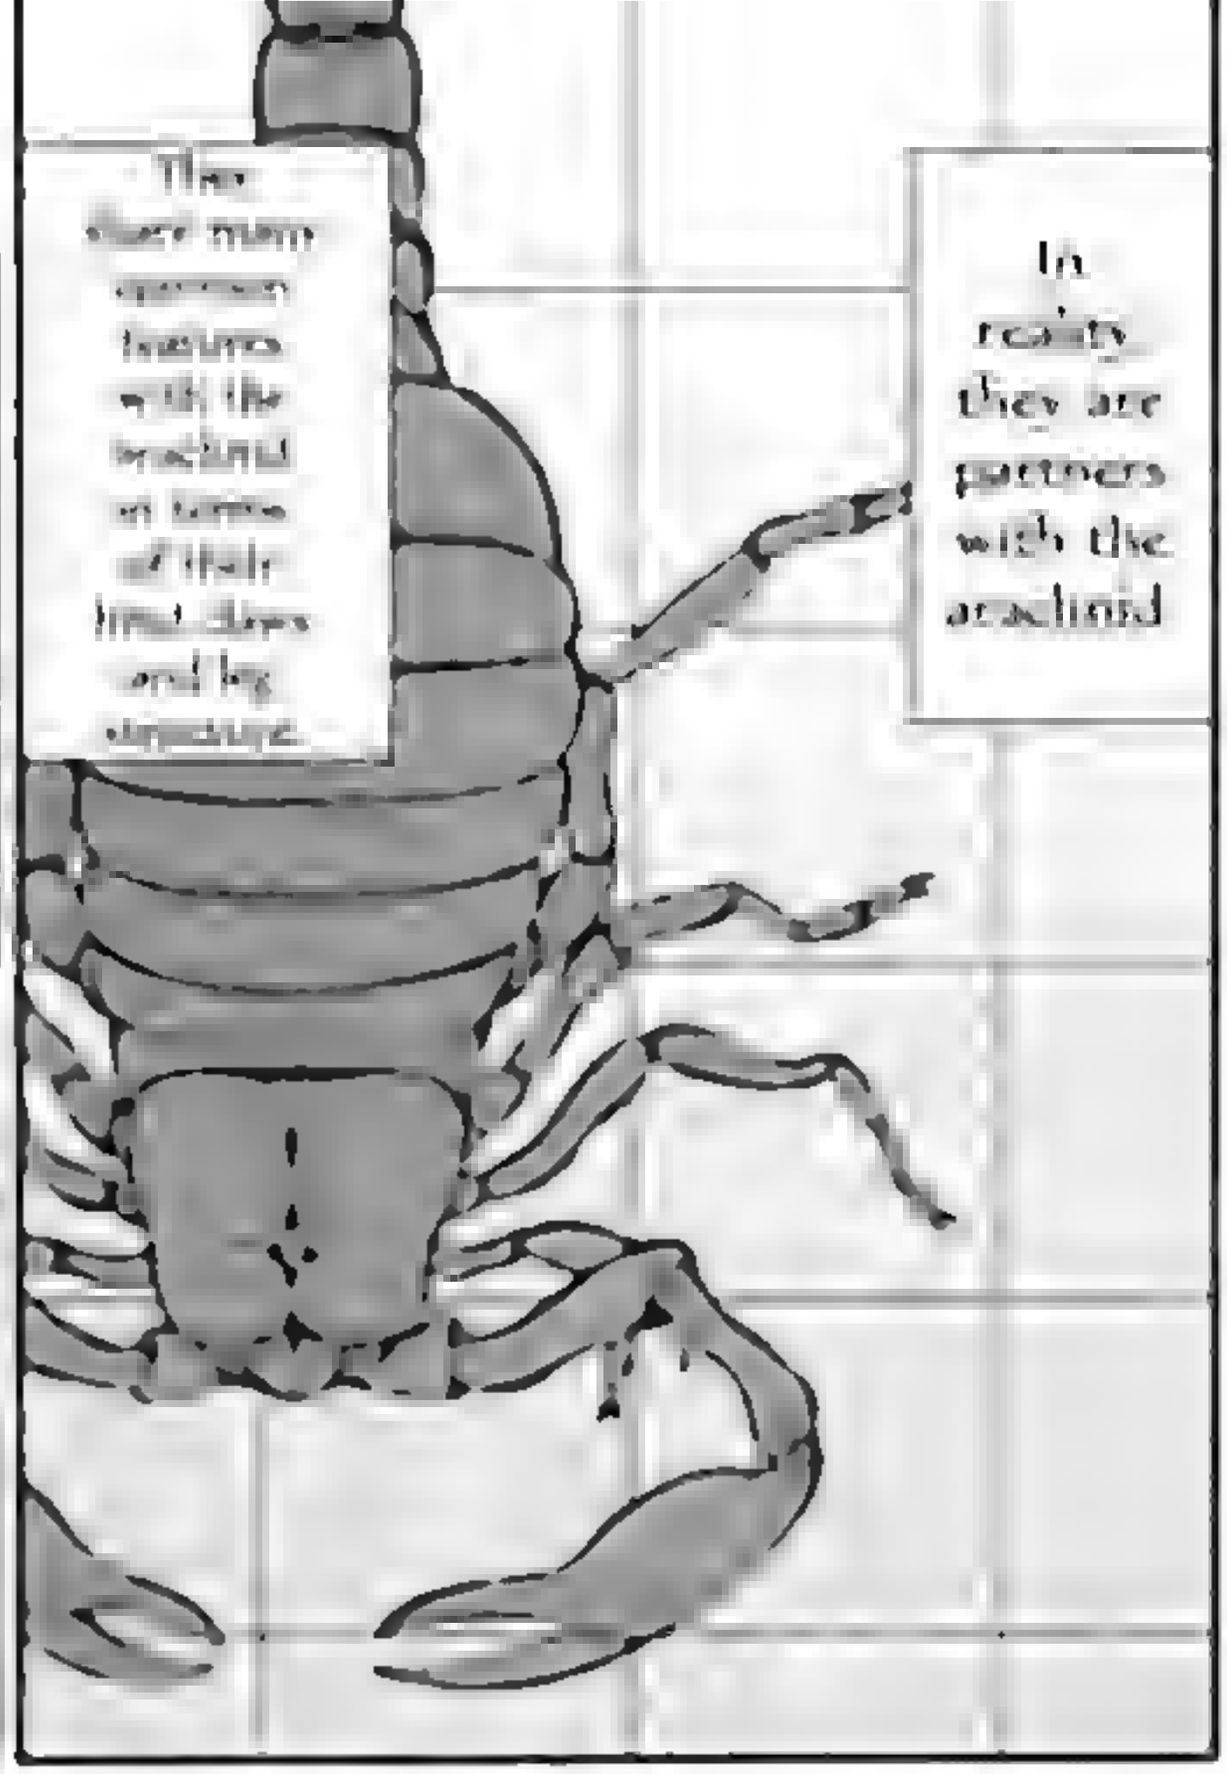
Furthermore, their hunting technique is similar to the arachnid's.



They share many common features with the arachnid in terms of their limbs and leg structure.
In reality they are partners with the arachnid

I won't sympathize with you!

Despite what I said,

You're not the type of person to kill people!

BECAUSE OF YOUR BLOODY MAST*R-BATING!?

DIDN'T 'CHA GET MY FRIEND INVOLVED

Tajima -san!

I thought you were a friend!

Help me, yo!

(Note Below Page: Each panel is a different memory of Tajima.)

Wake up!

Tajima -san...

I'd suspect she has no pulse or breath

She's already guaranteed to die

You could tell from the way she collapsed, right?

It's poiless

However,

If it's just completing the Organization's jobs, then I don't think you would have any trouble.

Simple!

it's impossible for me to comprehend.

Surely,

That was definitely,

I cared for her as if it were my younger sister!

Super cute, you see!

I raised a kitten,

I loved her so much that,

Although it was expected, I recall that my parents got really angry at me

but what does that have to do with my question?

That's very interesting.

I loved them so much that...

I loved my parents.

When that wish came true, I was 12.

I actually wanted to do it earlier,
